

STORM FIEND VISITS THE ATLANTIC COAST

Twenty-Five Persons Known to Have Perished—Property Damage Has Not Been Estimated to Date

New York, June 13.—Twenty-five lives are reported lost and enormous property damage caused by terrific storm which swept the coast from Norfolk to New England late last night and early today.

STRONG DEMAND FOR STRATHCONA REALTY

REAL ESTATE IN EAST END OF UNIVERSITY CITY IS SELLING RAPIDLY—NEW SUBDIVISIONS BEING PLACED ON MARKET.

Strathcona, June 13.—Not a day passes in which there is not some form of evidence produced to show citizens that the Mill creek viaduct is of immeasurable benefit.

G.T.P. TO CROSS ATHABASCA RIVER IN A FEW WEEKS

CONCRETE WORK ON BRIDGE IS PRACTICALLY COMPLETED AND ERECTION OF STEEL WILL TAKE ONLY SHORT TIME.

R. B. Kellher, chief engineer of the Grand Trunk Pacific returned to the city last evening from a trip of inspection over the mountain section of the G. T. P. right of way, where the contractors are now at work preparing the grade, through the "Teepee" country.

REPORTS FROM BUY TO SET FIRE HALL TENDER TOMORROW

SECRETARY BOARD OF TRADE IS RECEIVING A NUMBER OF REPLIES DAILY

Replies to the circular sent out by Secretary Fisher in connection with the buying at Home Campaign are beginning to return to the board of trade offices, some of which state that their members are already patronizing home industry as far as it will supply their needs while others give a few reasons for buying products manufactured at outside points.

The man wants Secretary Fisher to tell him how many of the articles mentioned in his circular as being made in Edmonton, are manufactured under union conditions before he will tell him why he is not buying home made goods.

One man requested that his name be placed on the buying list for greater attention. He was patronizing home industry whenever he got the opportunity.

JESSIE CAMERON STILL IN PARIS

STORY THAT SHE WAS CONNECTED WITH NEW YORK SHOOTING AFFAIR PURE FICTION

That Jessie Cameron, the talented Edmonton girl who is reported in the Calgary papers to have been mixed up in the shooting of W. E. D. Stokes of New York, had absolutely no connection with the affair is made perfectly clear by a cablegram received from the girl herself from Paris today.

(Continued on Page Five.)

MEETING OF POLICE CHIEFS

Bochester, N. Y., June 13.—The eighteenth annual convention of the International Association of Chiefs of Police met in this city today and will remain in session five days.

Complainant Says Attack Was Due to Family Feud

TWO GERMANS PLACED UNDER ARREST ON CHARGE OF ASSAULTING NAMAYO AVENUE RESIDENT SEVERAL DAYS AGO.

Three arrests have been made by the police in connection with the attempted robbery and assassination of Adolph Tietzer on the Namayo trail on May 31.

HEAVY ROCKETS AT SUPREME COURT

OVER THIRTY CASES WILL BE BROUGHT BEFORE COURT AT THE JUNE SESSION

Sixteen civil cases and fourteen cases which have arisen since the May sittings, will come up for trial before Justice Simmons at the June sittings of the court which open on Tuesday next, June 20.

With competition keen for the contract to construct No. 4 firehall on sixteenth street, nothing definite will be known until city commissioners meet again tomorrow afternoon, when they will decide who is to do the work.

At the meeting of the commissioners yesterday afternoon the senior member of the contracting firm of J. Vole and company protested against what appeared to him to be unfair discrimination of the manner in which the tender should be accepted and the question will not be settled pending an other report from the building inspector.

MODERN ARTIFICIAL GAS PLANT WOULD COST CITY MORE THAN \$230,000

ARE YOU A CONTRIBUTOR?

In order to provide for the continuance of the Sunday concerts at the park, which have met with such a favorable reception, the Capital undertakes to act as treasurer of a fund of \$500 or thereabouts to be raised by popular subscription for the purpose of defraying the expenses of the concerts for the remaining Sundays of the summer.

The amounts in hand to date are:

Table with 2 columns: Donor Name, Amount. Includes: Collected at the ground \$9.75, John B. McQuinn \$50.00, The Capital \$25.00, A. Livingstone \$25.00. Total \$109.75.

FAVORS SUNDAY BAND CONCERTS.

The first subscription, outside of those taken at the grounds last Sunday, for the continuance of the Sunday band concerts, was received by the Capital this morning from Alex Livingstone, proprietor of the Caledonian store, 401 Mainway avenue, the amount of the subscription being \$25.

Following is Mr. Livingstone's letter to the Capital: Editor Edmonton Daily Capital: Dear Sir:—Enclosed please find cheque for \$25, being subscription toward your Band fund. Complimenting you on the stand your paper takes in this case, I am,

Yours truly, ALEX. LIVINGSTONE.

MORMONS ATTACKED BY PRESBYTERIAN

Ottawa, June 13.—An attack upon the Mormon community was made in the House of Commons yesterday, when Rev. W. J. Clark of Montreal brought in a resolution asking a special committee dealing with the subject.

Rev. Dr. Pringle of Sydney declared that the strength of the Mormons lay in the fact that they are not a sect, but a people, and that they are in many ways revolting to Canadian people.

ORDER OF PARADE IS DECIDED UPON

At a meeting of the Coronation day committee last evening the route and order of the parade were arranged, and most of the details as to the handling of the pageants was arranged.

Starting at the intersection of Kindersley and Jasper avenues, the parade will proceed west on Jasper to Fraser, thence to Rice, thence along Rice to First, on First to Athabasca, on Athabasca to Fourth, down Fourth to Jasper, thence to McLaughlin avenue, and by the hill route to the Diamond park.

A military division will form at the entrance to the park, as the children pass in to the grand stand, where, supported by the brass bands, the children will join in singing patriotic songs.

The floats will not follow the procession, but will be delivered from a platform in front of the grand stand. In the centre of the field will be the 1914 Regiment, which will perform the flag raising ceremony.

The floats will not follow the procession, but will be delivered from a platform in front of the grand stand. In the centre of the field will be the 1914 Regiment, which will perform the flag raising ceremony.

The order of the parade will be as follows: Royal North West Mounted Police, 101st Regiment Band, 101st Regiment and Veterans, Old Times, Bugle Band of Gads, Boy Scouts and Cadets, Strathcona Band, School children of Edmonton, Two ambulances, Strathcona Band, City officials of Edmonton and Strathcona.

The senior entries will close at noon, Saturday, and all other music will be in the hands of J. W. Ward at the Y. M. C. A. by that time.

Committee Appointed to Investigate Coates Proposition Reports to City Council This Evening

DETAILED SPECIFICATIONS AND PLANS ARE SUBMITTED

Provide for Erection of Building Which Would Meet Requirements for Ten Years, Fifteen Miles of Mains, and Most Modern Machinery

That the city can erect and place in operation an artificial gas plant, equipped with the most modern machinery manufactured, at a cost not exceeding \$230,000, will be the substance of a report which will be submitted to the council tonight by the committee appointed to investigate the tentative proposition made to the council some weeks ago by John Coates, representing old country capitalists.

The special committee held a meeting this morning at which Mr. Coates' representative submitted detailed plans and specifications of the proposed works, but a complete report of these will not be forthcoming until the council meeting this evening, when the committee submits its report.

The Capital has learned, however, that Mr. Coates is prepared to install modern gas works, the city having the right to take over the same at any time. The plans provide for the erection of a building 200 feet in length which would meet the requirements of the city for the next ten years. They provide for the installation of sufficient machinery to ensure the manufacture of 125,000 cubic feet of gas per day and the laying of fifteen miles of mains on streets already laid out by Mr. Coates.

MAY CONSTRUCT ADDITION TO MANUFACTURERS BUILDING

EXHIBITION ASSOCIATION MUST EITHER PROVIDE MORE SPACE OR REFUSE TO ACCEPT ANY MORE APPLICATIONS.

While no definite action has been taken by the directors, it is now pretty certain that the construction of a second wing to the manufacturer's pavilion at the exhibition park will be undertaken before the opening of the fair in August.

COMPANY WILL NOT SUPPLY CITY WITH POWER MACHINE

ALLIS-CHALMERS COMPANY REPUDIATES CONTRACT ENTERED INTO BY AGENT—BOULLON WAXES WRATHY, INSULTS COMMISSIONER CANDY.

Renewal of the controversy over a contract to provide the municipal power plant with increased facilities for generating electricity precipitated a heated exchange of words at the meeting of the city commissioners yesterday afternoon, when Mr. Bouillon called Commissioner Candy to foot and the latter warmly resented the imputation.

The utilities commissioner lost his head completely and applied the offensive freely to Mr. Candy, finally a second time. Incidentally Mr. Candy accused Mr. Bouillon with having been responsible for wasting thousands of dollars of the city's money.

The heated remarks closely followed the reading of a telegram received by Mayor Armstrong from the Allis-Chalmers company of Milwaukee, in effect that the company repudiated a contract entered into between its agent, Mr. Murphy, and representatives of the municipality under the terms of which the Allis-Chalmers people agreed to supply the city with a 2,000 k.w. steam turbine at the power plant for \$16,000.

The message stated that explanations would be followed, possibly by a new contract was closed about two weeks ago.

Upon the telegram from the Milwaukee firm being read, Mayor Armstrong suggested that the matter be taken up with the Canadian Westinghouse company, the next highest bidder for the turbine contract.

"We can't wait for the Allis-Chalmers people," said the mayor. "They are taking too long in waiting for two or three weeks, so we will have to order from them whether we want to or not. What would you advise, Mr. Bouillon?"

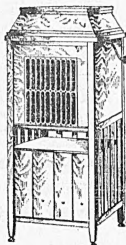

\$1,000

SIX GRAND PRIZES

\$1,000

First Prize

A Due Bill for \$500 good to apply on any new player piano in our stock.

3rd Prize—Pollock Phonola, \$135; positively the finest Cabinet Phonograph manufactured. Plays any disc record, and reproduces the tone absolutely correct. Given free at third prize.

4th Prize—Violin, \$25; picked from our regular stock.

THE GREATEST OF ALL CONTESTS

Have You Sent in Your Reply? It Costs You Nothing.

DO IT NOW!

FIRST PRIZE—To the first person giving the correct, or nearest correct, number of the piano we will issue a Due Bill for \$500, good to apply on any new player piano in our stock.

SECOND PRIZE—To the second person giving the correct, or nearest correct number, we will issue a Due Bill good for One Half the regular price of any new, up-right piano in our stock.

The Number is not Less Than 22750

HOW NEAR CAN YOU COME TO THE CORRECT NUMBER?

OR More Than 22950

THIRD PRIZE—A beautiful Pollock Phonola, value \$135.00, and a due bill for \$25.00.

FOURTH PRIZE—A beautiful Violin, value \$25.00, and a Due Bill for \$25.00.

FIFTH PRIZE—Lady's Gold Watch, value \$15.00, and a Due Bill for \$100.00.

SIXTH PRIZE—A handsome Guitar, value \$15.00, and a Due Bill for \$100.00.

Second Prize

A Due Bill good for one-half of the regular price of any new up-right piano in stock.

5th Prize—Ladies' Watch, \$16.50, case, 14 karat gold filled; movement, 15 jewelled Waltham, purchased from Jackson Bros. and can be exchanged for any other watch of the same grade.

6th Prize—Guitar, \$15; picked from our regular stock.

No One Person or Family Permitted to Submit More Than One Reply

This instrument is now in our show window, and the number has been carefully covered, and will remain so until after the contest closes. However, as a basis for our contestants, we state the correct NUMBER IS NOT LESS THAN 22750 OR MORE THAN 22950.

Write your reply on a sheet of paper with your name and address written plainly, and enclose it in an envelope addressed to The Masters Piano Co., 423-425 Jasper Ave. West, Edmonton, Alberta, and in one corner of the envelope write, "CONTEST DEPARTMENT," and mail it to us at once.

ALL REPLIES MUST REACH OUR STORE BY SIX O'CLOCK P.M., JUNE 20th.

All letters addressed as mentioned will be numbered as received, and filed until after the contest closes, when they will be placed in the hands of a committee of three responsible people, whose decision will be final, and who will make the award as follows:

A LITTLE EFFORT IS ALL THAT IS REQUIRED.

Five Due Bills for \$115, fifty Due Bills for \$100, fifty Due Bills for \$75, fifty for \$50, and seventy-five Due Bills for \$25.

All Due Bills will be awarded in the order in which the replies are received, and will be good for their face value in our piano department only, and accepted as so much paid on any new piano or piano player selected from our stock, but no more than one Due Bill can be applied on any one instrument. Easy terms of payment on the piano can be arranged when desired.

The Prizes Are on Display in Our Show Windows—Who Will be the Winners?

OUR REASON FOR PLACING THIS PHENOMENAL OPPORTUNITY BEFORE PIANO BUYERS OF EDMONTON AND NORTHERN ALBERTA IS TWO-FOLD.

1st. In order to obtain desired concessions from our Manufacturers, we agreed to purchase a very large number of pianos during the year of 1911, and THESE PIANOS MUST BE DISPOSED OF.

2nd. An arrangement was made whereby we are to spend a large amount of money in advertising, and we prefer to distribute this money among our piano customers, rather than in the common, ordinary channels of publicity, believing that a thoroughly satisfied customer is our greatest asset.

WE HAVE JUST RECEIVED A LARGE SHIPMENT OF THEY EMBODY A BEAUTIFUL TONE, DELIGHTFUL TOUCH; REFINED DESIGN, AND SUPERB FINISH. MASTERS PIANOS. THEY ARE A PIANO FOR MASTER MUSICIANS. THEY EMBODY OUR increased facilities, and with a stock of pianos superior in quality and magnitude to anything in Alberta, and second to none in Canada, we are in a position to serve our customers better than ever before. HENCE THIS IS THE APPOINTED TIME TO SECURE YOUR PIANO. Contest will close at six o'clock P.M., June 20th. All replies must reach our store by that time.

The MASTERS PIANO COMPANY, 423-425 JASPER AVENUE WEST EDMONTON, ALTA.

Home of the New Art Bell, "The Piano with the Sweet Tone."

CONSERVATIVE MEMBER SEES MENACE IN RECIPROCITY PACT

DR. CHISHOLM OF HURON SAYS CANADIAN STATESMEN WERE TRAPPED INTO TREATY WHICH HE REGARDS AS DANGEROUS TO THE EMPIRE.

Describing the proposed reciprocity treaty as "the most foolish piece of diplomacy that any Canadian government could conceive," Dr. Chisholm, Conservative member of the dominion parliament for East Huron, expressed himself in conversation with the Capital this morning as unalterably opposed to the pact as at present drafted, and determined to use every means of which he is capable to prevent its passage when the commonsense meets again in July. Dr. Chisholm came into the city Sunday to spend the day with Mr. McCreary of the syndicate, and left again last evening for the east.

"I am not opposed to reciprocity if it is the right kind of reciprocity," said Dr. Chisholm this morning, "but I am emphatically opposed to the treaty which now lies before the Canadian parliament, because I am convinced that if a clever scheme concocted by the United States statesmen to barter the British preference for Canada. The Canadian government didn't thoroughly understand what the treaty would mean when they came to terms with the United States diplomats, and would he glad enough to get out of it now had they not given their word of honor to use every endeavor to carry the legislation through the Canadian parliament."

Dr. Chisholm sees in the reciprocity pact at once a serious step in the direction of political separation from the rest of the empire, a one-sided agreement to the Canadian farmer, whose interests it is supposed to serve, an

agreement which places the Canadian government in an impossible position in its relation to the treaties of Great Britain which are now binding on the overseas dominions, and makes Canada a country destined to become the dumping ground of the agricultural products of countries where a labor is cheaper and the cost of production consequently lighter.

The present reciprocity agreement, Dr. Chisholm declared this morning, is the outcome of a hole-in-corner meeting which took place over a year ago between President Taft and Hon. William Fielding, Canadian minister of finance, in regard to the Payne Aldrich tariff and its effect upon Canadian trade. "In recent British elections," said Dr. Chisholm, "it had become apparent that 18 per cent of the British people are in favor of preferential trade throughout the British Empire. American writers had forecasted that the return to power of a tariff reform government in Great Britain would lead to the granting of a preference of 15 cents a bushel to Canadian farmers, while the construction of the Hudson Bay railway would give Canadians the advantage of an additional 25 cents a bushel in shipment, or an actual advantage over the American wheat-grower in the British market of 25 cents a bushel. It was in favor of such a British preference that President Taft had his plans. The Payne Aldrich tariff bill was the first step. A tariff wall of an average of 10 per cent, against Canadian products entering the States, was at that time met by Canadian tariff of 24 per cent., but under the terms of the new bill it was proposed that any country which was eliminated against the United States, should be faced with an additional tariff of 25 per cent. Canada's treaty with France placed her in an unfavorable position, and then pretending that they were sorry that they were

compelled to impose the maximum tariff against Canada, the United States government approached Canada. At the second hole-in-corner meeting between Taft and Fielding, Fielding arranged to make a concession on 13 different classes of articles coming into Canada from the States, as a concession for removal of the super-tariffs. Between that time and the time when the treaty was drafted at Washington, the United States government made an exhaustive investigation into the production and exchange of both countries, and the white book based upon these statistics, showed conclusively that the cost of farm products is higher in Canada than in the States.

Dr. Chisholm declared that it is only along the line of the international boundary (the only portion of the United States where the best hard wheat can be grown), that prices are higher than in Canada. It is because the grain growers close to the boundary line have a practical monopoly of hard wheat in the States, that they can command a higher price now than the Canadians command for a similar class of grain. With the removal of the tariff, Dr. Chisholm contended, the Canadian farmer would actually find himself competing in general in a market in which lower prices prevail.

"Canada has got herself into a jam in this way," said Dr. Chisholm. "Britain's most favored nation clause, which is found in treaties with all foreign powers which give her as favorable tariff conditions as any other country, is binding upon all British colonies, and the advantages which it is proposed shall be extended to United States, must also be extended to Argentina, Bolivia, Venezuela, Spain, Switzerland, Austria, Denmark, Norway, Sweden, Russia, Turkey and Japan, and other countries which have the favored nations clause in their treaties with Great Britain. In Argentina, in Canada labor costs 2 1/2 cents a day, and the cost of freight overseas to Halifax, is but 2-3 cents a bushel. In Canada labor costs 5 1/2 cents a day, and the cost of freight overseas to Halifax, is but 2-3 cents a bushel.

Canadian farmers must meet the competition of the countries of sweated industries. The farmer must sell his grain in competition with the

world's producers, but when he buys biscuits, or shrodded wheat, or flour, he buys in a protected market. There is retained in the proposed pact a heavy tariff against imported biscuits— which Mr. Patterson, who helped to frame the arrangements, happens to be a manufacturer of.

As for the efforts of Sir Wilfrid Laurier at the Imperial conference now sitting in London, to free the colonies from the operation of the British government's most favored nation treaties, Dr. Chisholm declared that Britain could not possibly consent to any such proposal, as it would involve her in world-wide complications. It would mean the tearing up of many treaties. "Such a course would be a most serious step in the direction of separation from the British Empire," he declared. "In conclusion the conservative member gave expression to a creed which is the commercial realization of the British dominions, a possibility which he believes would be defeated. He replied to a resolution of many of the delegates against the United States, but thought that the resolutions should come as the result of independent action on the part of the governments of the world."

"I shall fight the reciprocity bill to the end, and I believe a general election will be forced upon the country before it can be carried," said he. "I am not in favor of feeling the issue before the redistribution bill have given its fair quota of members to the western provinces. In this I am speaking only for myself, of course. The conservative members have given their fair quota of members to the western provinces which will be available before September 1st. The Liberal members might be carried this year. I would not be in favor of obstruction to such a measure."

Regarding the other changes, Dr. Chisholm declared his belief that the money was intended for a campaign fund. He thought the Liberal differences provided a splendid opening for the Conservative party.

Electric Restorer for Men
Phonograph restores every nerve in the body. It is the only restorer of vitality. It restores vitality, promotes decay and all kinds of weakness, restores a man's health, and makes him a new man. Price \$10.00. The Scott's Emulsion Co., St. Catharines, Ont.

Bitulithic to Commence Paving Work Thursday

TOTAL OF CITY'S IMPROVEMENT WORKS WILL BE CLOSE TO \$700,000—CONSTRUCTION NOW WELL UNDER WAY.

This year's contribution to improvements in Edmonton will be among the largest and most important in the history of the municipality. Upwards of \$800,000 will be expended in carrying out the elaborate plan of civic progress. Despite the determined opposition from certain quarters and exasperating delays due to obstruction, much of the work is now under way and more will be started very soon.

Next Thursday morning the Bitulithic company, which was recently awarded the contract, will begin paving the First, Clara and Queens streets and Athabasca, Kinsistow and Jasper avenues. The work will consume a greater part of the summer and will be completed and will cost the city about \$125,000. The company will pave 10,000 square yards.

Another contract of significant proportions is that for the construction of a trunk sewer from Rat Creek to the river, covering a distance of 2,200 feet, and a bill based upon the statistics for the Alberta penitentiary property. This will cost approximately \$175,000. Work on the projected sewer will start some time this week.

Within the next two or three weeks work will also begin on the big cast-iron foot up to the city hall, to build the piers and abutments was awarded recently by the city commissioners. The appropriation for this work amounts to \$163,000.

Improvements for the street railway department, some of which is already completed, but up to the city hall, the east end extension has been finished. Double tracks are being installed on Kanaya avenue, on Synagogue avenue, Kinsistow street, Jasper avenue west and on Norwood boulevard. Completion of a new line on Twenty-fourth street will be made during the summer.

NOT COMING TO CANADA

London, June 12. (G.A.P.)—Lord Knollys, His Majesty's secretary, informs the Canadian Associated Press that there is no truth whatever in the statement that the Lord proposes to visit Canada on the way back from India.

The Imperial conference resumes its sessions today. People here are eagerly anticipating the attitude of its members towards the Wilfrid Laurier motion regarding foreign treaties which will be debated on Friday next. It is stated in some quarters that it is not intended to press this motion to a vote.

Commenting on this the Morning Post, Unionist, says, "It is doubtful if Laurier will find a single supporter."

SWIFTS ON THALLIES B

Swifts and Collier second teams will play an Intermediate League game on Second street tonight. The following will line up for the Colliers: Orr, Burrough, Lewis, Hadermacher, Bishard, Clubb, Fraser, Gault, Bisset, Lammond and Davies. Players are requested to meet at 1024 First Street at 6:15.

Military Point Cooking Lake

Well, where did you get the name, some of our friends ask us.

Well, this is the spot where the Hundred and First Regiment made their camp last year. They had a good time. They selected the place because the land was high and dry, the beach good and the distance from the station short; plenty of good shade trees and a score of other attractions. So the name of the property did them the honor to name the subdivision "Military Point."

Lots are selling at Military Point for the very reason there mentioned.

There will be special train service all summer long. The rate is to be 90c. for the week-end.

The price of lots is

\$150.00 to \$200.00

and the terms are easy.

SUBMIT REPORT TO GENERAL ASSEMBLY

PRESBYTERIANS OF CANADA GIVEN DETAILED STATEMENT OF WORK OF LAST YEAR.

Following is the report of the statistical committee which was submitted to the general assembly in Montreal last Saturday.

To the Venerable the General Assembly:

Your Committee on Statistics respectfully presents the following report: The Clerks are charged with the responsibility of gathering the statistics of the congregations and mission fields in their respective Presbyteries, and with preparing the rolls of Presbyteries. Your Committee prepared a circular of instructions, setting forth as fully and clearly as it could what was required in the preparation of the statistical tables, and another in connection with making up the roll of Presbyteries. Thus far as possible, aid was given to new Clerks to become familiar with this part of their duties. The statistical tables are arranged as in the past in the following order:—1. Self-sustaining Congregations; 2. Organized Congregations; 3. Ordained Mission Fields; 4. Student Mission Fields; 5. French Evangelization Mission Fields; 6. French Evangelization Mission Fields. On the left of the document are given the statistics and finances for each year, ending December 31st, as furnished to the Clerks by the congregations, and on the right hand, ending December 31st, as furnished to the Clerks by the Congregations, and on the right hand, the contributions to the Schemes of the Church, as received by the Treasurers, East and West for the financial year, ending February 28th. In each group, for convenience of reference, the arrangement of congregations and mission fields is in alphabetical order. By a little more care and thought on the part of the Clerks of some Presbyteries, an improvement might be made.

Your Committee recommended last year that the Committee on Statistics of each Presbytery be composed of the Clerk, the Treasurers of Congregations on Augmentation, Home Missions, French Evangelization, Sunday Schools, and other members as Presbyteries may deem best. This recommendation, there is no reason why accurate statistics should not be received from every congregation an omission field in the church. It is supposed that before application is made for a grant from any of the Committees of the Church, statistics are furnished by the Congregation, and these should be available before money is appropriated from the funds of the Church. If, therefore, the Statistical Committee of each Presbytery was made up of members as instructed by Assembly, and the Committee took its work seriously, there need not be the great desert spaces in the statistics, which appear every year. It is embarrassing in the extreme to find such conflict as there is in some cases between the reports of Clerks, or Treasurers of Congregations, and the reports of Home Missions, Augmentation, Sunday Schools and Presbyteries. These have done not always lie with the official of the Presbytery, be it Clerk, or Treasurer of Congregation, because it does not infrequently happen that they find it impossible to get a return from the ministry in charge, or from the secretary or treasurer of the mission field. Even when an addressed stamped envelope is enclosed, it fails to bring a reply. In new Presbyteries, the frequent changes of the personnel of the missionaries supplying the field, and the office bearers, makes it very difficult to have correct statistics. It is to be hoped, however, as the congregations become more stable we shall be able to reach something nearer finality in statistical reporting.

The blank forms for securing returns from congregations were prepared with the view of obtaining all the information required by the Clerk in making up the roll of Presbyteries, as well as a statement of the statistics and finances of the congregations. A sufficient number was sent so that each congregation and mission station might receive one. In addition to these, forms were provided for the Statistical Report of the Presbytery, the Presbytery roll, the Changes in the Presbytery, including the licensing and ordaining of students, the reception of Ministers from other Churches, and deaths in the ministry.

22. That the committee on statistics of each presbytery be composed of the clerk, the treasurers on augmentation, home missions, French evangelization, Sunday schools, and such other members as may be deemed necessary and that this committee see that there are no discrepancies in the different statistical reports presented to the general assembly.

23. That special attention be given to the formation of the roll of presbytery, that it contain only the names fully authorized by the church, and that it contain a full list of the congregations and mission stations as at March 31st.

24. That when changes are made in the names of congregations or mission stations or in the groups forming the pastoral charge, or mission field, the presbytery clerk shall immediately notify the treasurers of the church, and thus enable them to correctly report contributions to the schemes.

25. That presbyteries be enjoined to consider fully and deal with the matter of statistics and finances as set forth in regard to the assembly at the first ordinary meeting after the minutes of assembly have been printed, and distributed, as soon thereafter as possible, with a view to ascertain the increase of decrease in the several congregations, what congregations, if any, have failed to report, or have not contributed to all the schemes of the church.

26. Of which is respectfully submitted.

JOHN SOMMERVILLE, Convener.

DAKOTA PIONEERS COME TO ALBERTA

HILLHURST, N. D., MAN SAYS MANY FARMERS ARE COMING NORTH

A westward movement unprecedented in its proportions is afoot among the American farmers of the middle western states, according to N. B. Hillhurst, N. D., who as the herald of coming scores of the farmers of his district came into the city yesterday with the object of touring the Edmonton district in search of suitable homestead lands. Hillhurst, a Dakota, the old pioneer farmers are moving out in a manner never known before, said he by people from Indiana and Illinois to whom the prices do not appear so high as they do to the pioneer farmers who are in search of new enterprises. "Mr. Hillhurst leaves today with last guide book. He for Prairie, where he hopes to be able to make a suitable selection of land for himself, and for several of the settlers who will follow him this month."

"After reporting to wheat for thirty-five years the Red River valley farmers are now getting poorer crops," said Mr. Hillhurst to the Capital yesterday. "They have never had a crop failure, but during the last few years there has been a decided falling off, owing to dry weather."

O. M. Norberg, C. E. Wegner, Peter Thompson, and a number of other settlers from Jackson county, Minnesota, and Oscar Olson, from Fisher, Minnesota, are the advance guard of

another large party of settlers who will come through to Edmonton during the season. Everyone of the settlers is determined to obtain all the land that is to be had. They have money in place, and intend to farm on a large scale. North of Saddle Lake, along the route of the branch of the C. N. R. line from Billabong to Fort McMurray is the destination of the new settlers.

FALL FAIR DATES.

The following is the list, complete to date, of the fairs to be held throughout Alberta during the present season and fall:

Circuit No. 1.	
Crossfields	June 22
Calgary	June 29 to July 7

City Authorities Made a Wrong Guess

To the members of the council, the commissioners, the street railway superintendent and the city solicitor who showed themselves so afraid of an imitation storm raised by a very few fanatics that they were willing to allow the Sunday band concerts in the park to be closed against all those thousands who do not clamor much but who are none the less forceful if they do conduct themselves more quietly, a word of suggestion might be worth while.

It might be as well for all parties interested to remember that it is not always safe to judge the force behind a movement by the volume of the sound. These people who demand that the park be made as desolate as possible on Sunday and that for their peculiar enjoyment the day be devoted of harmony and made mournful, may make a good deal of noise as they parade their virtue in all the violence of its intensity; but it does not necessarily follow that they are more forceful than that quiet body, overwhelmingly in the majority, who have little to say so long as they are not victimized by the clamor.

When the city authorities, upon the first show of opposition to the Sunday concerts, withdrew support and allowed the concerts to go by default without taking advantage of whatever protection was provided the public under the act, there could have been no reason for the city authorities doing so than that they feared that the clique who were demanding repression were the real force in the community.

Time will undoubtedly show how far wrong the city authorities were in their estimate. They may awake some day to the fact that it is to protect the public against just such foolishness as this that they are there, and that in stead of getting themselves out of trouble by how-towing to prejudice and trying to stop the Sunday concerts, they got themselves into trouble.

The idea might be expressed in another way. While the forces favoring repression may, and invariably do, eventually abandon their efforts to rivet the shackles, no movement seeking greater freedom is ever settled until the freedom sought is accomplished.

The city solicitor should have thought of that before he rendered his opinion. It would have saved trouble.

Edmonton's Advantage In Central British Columbia

The freight rate from Ashcroft to Soda Creek by wagon over the Cariboo road is \$60 a ton. From Soda Creek to Fort George by the Fraser river the rate is \$40 per ton, making the cost of laying down freight at Fort George from Vancouver \$100 per ton, plus the local rate from Vancouver to Ashcroft on the main line of the C. P. R.

The Cariboo road has been crowded now for nearly five years with freighters hauling stuff into Fort George country from the main line. When the Grand Trunk Pacific is completed to Tete Juan Cache, Edmonton merchants have an advantage of very nearly \$50 a ton as against the coast merchants in Central British Columbia.

The circumstances are worthy of the attention of the mercantile men of the city.

Little Improvements Needed at the Park

One of the little improvements which could be made at the park, and which would add considerably to the enjoyment of the advantages is the installation of two or three hundred benches.

The recreation ground might well be given a little attention, as in its present condition it will not do for the boys who want to play football and baseball.

These are the little things which go to make up the enjoyable whole. If people who go to the park find what they are looking for, comfort or a good playground, the money invested in the park and the money invested in the street railway will not be lost. In fact, another year will probably show that the street railway can build the finest park in Canada out of the surpluses on the park line alone.

Edmonton Headquarters Until the End of the Drama

With the present splendid growing weather and with the crops away to such a good start, nothing short of the unprecedented could intervene to prevent one of the greatest harvests that Western Canada has ever seen, and in this general abundance Edmonton is going to get its share and a little bit more.

That a bumper crop this year will put in motion one of the greatest movements in history is axiomatic. No country could produce so much per capita without starting new forces and new factors working, and one of the greatest of these is the immigration that will be lured to the Canadian West by the bountiful crops.

In times gone by the immigrant to the west had a great country to choose from. It was all free land or cheap soil for hundreds and thousands of miles, and he could go where he chose. But not so now. With the westward and northward movement everything from the Saskatchewan river south has been closed out. The settler who looks for a homestead now must come right through to Edmonton before he gets off the train. It was never so before, but it must be always so now until the end of the drama of development, and Edmonton reaches this condition on the same year that the country enjoys the greatest crop in history.

CLAIM CONDUCTOR INSULTED LADY
Complaint Filed With Commissioner
States That Railway Employee
Laughed at Passenger

Complaint has been made to the city commissioners that one of the street car conductors on the First street line insulted a woman the other day and the matter has been referred to Superintendent Knight. The alleged insult consisted of meretricious indulgence by the conductor at the expense of the woman who had been carried past the corner where she desired to alight. It made the lady very angry and she forthwith complained to the commissioners.

The conductor, it is stated, will offer as defense a statement to the effect that he was laughing at someone else and not the woman in the case.

CROP BULLETINS

The first crop bulletins compiled by the experts of the provincial department of agriculture will be published on June 20. As yet little more than one-half of the province has been covered by the officials of the department, but deputy minister Geo. Harcourt is confident that within the next couple of weeks the whole of the necessary information will be obtained. The experts are to make a most exhaustive report, and as the season of 1914 promises to be a most successful one.

uses to show a greater proportionate increase in crop acreage and in crop yield, than any former year, the work is unusually heavy.

Mrs. J. D. McNeil of St. John, N. B. will spend the summer with her daughters Misses Josephine and Hazel McNeil, Namayo avenue.

THE more people do, the more they can do. He that does nothing renders himself incapable of doing anything. While we are executing one work, we are preparing ourselves to do another.—Haydn.

WHY HAS THE CITY OF EDMONTON NO ATHLETIC FIELD?

Mutt Is Off for the Coronation, and So Is Little Jeff : : : : By "Bud" Fisher

THE CITY PARK IS IN UNFIT CONDITION TRACK MEET TO BE HELD TODAY

CITY LEAGUE GAMES WERE CALLED OFF; BAD GROUNDS

Athletic Field at City Park Is In Dangerously Bad Condition and City Leaguers Unable to Continue Schedule—Other Athletes Affected—What is Going to Be Done About It?

Why has Edmonton not got a municipal athletic park which is in fit condition for the playing of games? Because they cannot secure grounds for baseball the city league is going on the rocks. The football league is handicapped, the polo club needs better field and every other athletic organization requires a field for sports.

At the City park where the Sunday band concerts are held, there is plenty of ground and a feeble attempt was made to put it in shape. But it is no better than it was before the foot of a white man trod north of the Saskatchewan.

The Sunday school league plays its games there. The grounds are so rough that half the pleasure is taken away and the boys are in danger of seriously injuring themselves on the hard rough ground. In one game only a short time ago a boy got his ankle put out of joint running bases in a game there.

Amateur athletics are losing their position in sport circles in Edmonton because there is no ground for the boys to practice. If something is not done soon amateur athletics in the city will be as dead as a skeleton's tooth.

This year the exhibition association received a grant of \$175,000 and an additional grant of \$7,500 for current expenses. It seems strange that out of a total of \$182,500 they could not find a couple of hundred dollars for athletic purposes.

The city league baseball game between the Y.M.C.A. and the footballers which was scheduled to be played at the city park last night was called off because the grounds there were unfit on which to play ball. The infield had been rolled but instead of improving the diamond it only made it worse. Inexperienced men evidently did the work and the result was that instead of having the field uniformly smooth its roughness extended in ridges, making it absolutely unfit for a ball game. The outfield is covered with grass about two feet long in which the ball gets lost every two minutes and a home run can be made on the smallest kind of a hit.

athletic grounds why it would be just as profitable for the street railway company to put them in shape as it was to pay a hand to give concerts every Sunday. The amount of money to pay for one hand concert would be almost enough to put the field in good shape for athletics.

KLING AND 4 OTHERS SENT TO BOSTON

Chicago, June 12.—Johnny Kling, the veteran catcher of the Chicago National league club, and three other members of the team were yesterday traded to the Boston team of the National league in one of the biggest baseball deals of the year. Eight players are involved in the trade. With Kling, Chicago gave Linton Griffin, a recruit pitcher secured from the Atlantic club of the Southern league; Alfred Kaiser, an outfielder purchased from the Louisville club, and Henry Weaver, a pitcher, who also came from Louisville. In exchange for the quartet of players Chicago received Ralph Goode, an outfielder; Clifford Gurniss, a pitcher, formerly with Milwaukee in the American association; "Peacher" Graham, who formerly played with Minneapolis in the American association.

THE GAUNTLET, IT IS DOWN

The Capital believes that in the course of human events, it is injurious to the public interests that any person or body of persons, corporation or organization, suffering from an enlarged cranium, should be permitted to continue to exist and that being an obsession and a sore in the eye of the people, prompt steps should be taken to exterminate said persons or bodies of persons, corporations or organizations.

Therefore realizing that the recent victory of the baseball team which passes under the name of the Journal ball team, has caused this condition to arise in the top places of the said players, the Capital baseball team considers it its duty to exterminate the afore-said players and in order that this may be accomplished decently and according to law, the Capital ball team does herein challenge the Journal ball team to a life and death struggle on the baseball diamond. Dates and other details can be arranged quickly if the Journal team is as anxious to play as is the Capital team.

What we mean to say is that the Capital typsetters will play the aggregation of Journal beat splinters a baseball game at as early a date as possible.

It is likely that the fight between Potts and Mullen will not be pulled off as arranged for. Expenses are getting so high that it would scarcely be able to get a house big enough to pay them. Potts wants about \$275 expenses and a good share of the take and Mr. Tommy Burns requires \$200 to referee the affair. Other expenses are in proportion so that Barney Mullin does not feel like taking any chances on dropping a few hundred.

NORWOOD WON FIRST GAME BY 5 TO 1

SONS OF ENGLAND WENT TO PIECES IN LAST TEN MINUTES OF PLAY.

Norwood defeated the Sons of England in a fast senior league football game on the Second street grounds, the score being five to one. At half time the score was two to nothing and until the last ten minutes during which Norwood scored three of its goals, was a fine close game. The Sons of England seemed to tire out, evidently not being in better condition, and they proved easy for the big Norwood lads at the end of the game. Norwood had somewhat the advantage in the matter of weight and they used it with paying effect near the end.

NEWS OF THE CITY

The regular monthly meeting of the W. C. T. U. will be held in the Y. W. C. A. tomorrow afternoon at 3 o'clock.

Rev. R. G. Stewart who was unable to conduct the services in Robertson Presbyterian church on Sunday is considerably improved in health.

A meeting of the women's branch of the Human Society will be held Wednesday afternoon in All Saints school room. All persons interested are invited to be present.

President Hays of the Grand Trunk Pacific, who was in the city yesterday, left this morning for Toronto on an inspection trip. While in the city Mr. Hays was in consultation with B. H. Kellner, engineer for the company.

A special train left Stratford last evening having on board A and B members of the Alberta dragoons and two companies of the Edmonton Fusiliers. The former appeared for the first time with full accoutrements including horse trappings. The two regiments will be in camp at Calgary for the next ten days.

On June 22 the first of the summer and fall fairs opens at Crossfields, Alta., and from that date onward there will be a continuous round of exhibition events throughout the province, right on into the late fall. Thomas Morrison, of Whithorn, has been appointed judge of heavy and light horses at the Crossfields fair, and W. H. Munner judge of cattle, sheep and swine.

Owing to the fact that a large number of pupils are being kept out of school to avoid the possibility of their contracting scarlet fever, the examinations in the lower grades of the city public schools have been postponed for one week. The examinations were to have commenced early this week, but by the change in the programme they will not be held until some time next week.

LOCAL LIVE STOCK PRICES

The Swift Canadian Co. will pay the following prices from June 12 to June 17, weighted off cars at Edmonton: Choice quality hogs, 150 to 200 lbs., 6 to 6 1/2; good fat steers, 1200 lbs. and up, 5 to 5 1/2; good fat steers, 1000 lbs. to 1200 lbs., 5 to 5 1/2; extra fat steers, 1650 lbs. and up, 4 to 4 1/2; good quality fat heifers, 900 lbs. to 1650 lbs., 4 to 4 1/2; extra fat cows, 1100 lbs. and up, 4 to 4 1/2; good calves, 2 to 4 to 4 1/2; good calves, 125 lbs. to 200 lbs., 5 to 5 1/2; good calves, 200 lbs. to 300 lbs., 3 to 3 1/2 to 4 to 4 1/2.

MANY SETTLERS AT LAC STE. ANNE

North of Lac Ste. Anne, in the Rich Valley country, in the neighborhood of half a thousand people have settled on and during the present spring, according to B. Clark, an Ontario man who filed some months ago and came into the city yesterday to meet a number of fellow Ontarians who have made the westward trek on his advice. The great majority of the newcomers are Americans, while there is a fair sprinkling of Eastern Canadians, according to Mr. Clark. Between 800 and 900 acres of land have been put in crop this spring, and the harvest will exceed the expectations of the most optimistic of last year's settlers who broke the bulk of the land in this district. But small spring wheat are the principal crops.

BROKE QUARANTINE

Growing restless under the restraint of strict quarantine rules, the six men held in a shack on Fraser avenue, because they had been exposed to smallpox, started a little ball game of their own on the street this morning close to where they are living, with the result that some one telephoned the city health department. An inspector proceeded at once to the scene of the disturbance and quickly told the men to get inside. As there are no indications of smallpox among them no alarm is felt over the outcome. However, the quarantine regulations were violated slightly and the offenders were informed that they must repeat it. This is the first day in a month that a new case of scarlet fever has not been reported up to now.

BUILDING PERMITS

Permits to build structures of various sizes and descriptions in Edmonton were issued by the city building inspector yesterday afternoon and this morning as follows:

A. H. Lawrence, house on Martin street, \$700; W. H. Meredith, stable, Sixteenth street, \$300; C. Zornemann, house, McCauley street, \$2500; P. M. Stewart, house, Kirkness street, \$1500; H. G. Morgan, house, Twenty-seventh street, \$200; T. Thornton, house, Morris street, \$1800; G. R. King, house, Kennedy street, \$200.

A Sound Investment

\$375 PER LOT, ON 28TH STREET

The SETON-SMITH CO. 63 McDUGALL AVE. PHONE 1611

MAX CAWDEROY JOINS BENEDICTS

G. M. Cawderoy, secretary of the Elks' club, leaves for Lamont tomorrow evening, where he is to be married to Miss Bessie M. Bennett, of that place. After the ceremony they will leave for an extended honeymoon, returning to Edmonton about the 1st of July. Mr. Cawderoy, who has been a resident of Edmonton for the past six years, and who is very well known among the men about town, takes with him the good wishes of scores of members of the institution with which he is connected. As a token of their esteem they, on Saturday evening last, presented him with an elaborate silver tea service and an address of appreciation. Mr. and Mrs. Cawderoy will upon their return to the city, take up their residence in the McDougall block. W. A. Michael will act as best man at the ceremony at Lamont.

POLICE COURT

The slaying of a chicken was the cause of charges being laid against Thomas Teape by Mrs. Brenner in the police court this morning. The charges were withdrawn before coming to court. It appears that the chicken had a habit of straying into Mr. Teape's yard and he decided that he would cure it of that habit. He night. Four drunks were arrested last night they remained in the cooler and one went to the hospital, John Koropoz and George Lohrke were arrested last night charged with obstructing a peace officer in the discharge of his duty. Constable Matz effected the arrest under somewhat difficult circumstances when the men fought viciously while being brought to the station.

Charges of non-payment of dry license were made by the Hardisty cartage company by the license inspector were heard in the police court this morning. The case was adjourned until Friday.

BOXING CONTEST

Will Be Held Under Auspices Hotel and Restaurant, Tomorrow Night.

The boxing match scheduled for tomorrow evening at Mechanics hall between Jack Gillett and Jack McDonald is exciting more than ordinary interest among local fight fans. The affair will be given under the auspices of the Edmonton Hotel and Restaurant. Employees, who have made elaborate preparations for their annual smoker, the bout being a feature of the smoker programme. A fast preliminary will be pulled off between two featherweights, both in Edmonton boys. The bouts will start at 9 o'clock.

The evening's entertainment will include a variety of vocal and instrumental music, good speaking and other features. Refrains will be served.
